## Fire Safety and Air Quality Requirements

I agree:

- To keep this fire under control and to assume responsibility for all damages and cost that may result from burning done under this permit.
- To attend this fire until completely extinguished.
- To have this permit available at the burn site for inspection.
- Not to burn if there is a practical alternative method for disposal of the material such as chipping or composting.
- To use a clean burning device to start the fire.
- Not to conduct burning during any air quality alert.
- Not to burn paper or cardboard except as provided under Minnesota Statutes 17.135.
- To extinguish the fire immediately if this permit is revoked.
- That prevailing wind must be away from nearby occupied buildings.
- That fires will not be allowed to smolder without flame.
- That fires will not be used during a State or City wide burn ban.

Prohibited materials are: oils, rubber, plastics, tires, and chemically treated materials such as railroad ties, treated lumber, composite shingles, tar paper, insulation, composition board, sheet rock, wiring, paint, hazardous and industrial solid waste.

Violations of permit conditions may subject permittee to criminal and/or civil actions

*Please reuse, recycle, and compost.*
