New Business

- a. Service anniversaries the month: Ken 40 Years, Mike 2 years
- b. OMC sports Medicine and &Athletic Performance, tactical “athlete” injury prevention training. Been doing RFD for 9 months. Being through a presentation on functional movement and a live demo to allow participants to see how dysfunctional they actually are, we then set up evaluations for each interested fireman to identify those trouble areas and provided corrective exercises in hopes of restoring more normal function. We then progress to strength training and providing workouts. They have seen great results in lowering work comp claims and other job injuries with the evaluation and teaching of those interested firemen.
