Public Notice for Construction and of Temporary Lane Closure Impacting Riverwood Drive SW on July 15, 2024

A roadway lane closure is planned on Riverwood Drive SW between Riverwood Court SW and Istas Lane SW to facilitate safe installation of sanitary sewer utilities on **Monday, July 15th**. During the one day construction process, the contractor will provide flaggers to facilitate the use of one lane for traffic both directions. Residents are asked to drive with caution, follow directions given by the contractor, and be patient as you will be required to take turns through the construction zone. Rain or unfavorable weather conditions may delay the start of construction one or more days.

The City of Oronoco and the contractors completing the work appreciate your cooperation and patience throughout the construction process.

Respectfully,

Joseph Palen

City Engineer
