2nd Water Meter Guidance

2nd Water Meters are intended for lawn irrigation systems. The amount of water consumed by the 2nd water meter will be deducted from the original water meter to give a sewer total.

1. Apply for a 2nd water meter permit at Oronoco City Hall, 115 2nd street NW.
2. Hire & schedule a plumbing contractor to complete the installation of the 2nd water meter.
3. Notify Oronoco Public Works you have applied for a 2nd meter and need one delivered.
4. Inspections will be done by Oronoco Public Works.
5. Backflow devices will be required and inspected for latest testing requirements.

Contact Public Works at 507-367-2281 for all inspections
