As requested, in follow up from the February Zoning Workshops, I have located communications through memo's, minutes and more surrounding the history of the future lot density conversation as it pertains to the WWTF approval process. In addition, I have attached a copy of the most current (2006) Comprehensive plan. As noted by Mayor Eichhorst at the 02.19.26 zoning workshop, the EDA has been discussing the preparation of an RFQ for the 2027 budget to consider updating the plan.

Thank you.
